

Spring Encampment

Packing List - OverNighters

Please – Label EVERYTHING – including clothing and medications your camper brings to camp. Pack enough clothes for the entire time your camper is at camp.

- Please do not bring weapons, pets, personal sports equipment (*unless okayed by the camp director*), or electronic devices (cell phones, DS, iPods, MP3 players, etc). These will be taken away and kept in a safe place until after Encampment is over.
- Please do not pack items of value for camp. Participants are responsible for any and all equipment/personal items brought to camp and neither camp nor the Girl Scouts of Minnesota and Wisconsin River Valleys nor The Westonka/Orono Service Unit can be responsible for the lost, stolen, or damage to personal belongings or money.
- Camp is *rustic*. Think dirt, dust, rain, sunshine and bugs! Please pack old clothes and shoes – they WILL get dirty!
- Lost and found will be kept for approximately 1 month. Any items not claimed, will be donated to charity.
- Pack a copy of this list so that it can be referred to when leaving camp. This will help reduce the number of items left behind.
- Most of camp is wooded, which will decrease the temperature. Please make sure girls are dressed appropriately.
- Don't forget your Field Trip Permission Form and your Health Information Form.
- NO food is allowed to be stored in cabins, platform tents or Yurts.
